Information session on the Wilberforce Ave car park redevelopment

The redevelopment of the Wilberforce Ave, Rose Bay car park is Council's response to community and business feedback on the need for more car parking and activation to support the commercial village.

Council will be investing more than \$20m to build a car park that more than doubles current public parking spaces, as well

as a community centre, a small amount of retail space, accessible amenities and a high quality, pedestrian-friendly design.

Following false information circulating in the community, we are hosting an information and Q&A session to provide the facts on what is being proposed and why, construction timeframes and more.

You are invited to join us on

Tuesday 4 July,
6.00 – 7.30pm

Club Rose Bay
1 Vickery Ave,
Rose Bay

rsvp@woollahra.nsw.gov.au
by Monday 3 July.
